**Amendment and Response under 35 U.S.C. § 121**

This is a resubmission in response to the Office Action in the above-referenced application, mailed April 8, 2003. This is further in response to Office Action in the above-referenced application (paper no. 6), mailed 5/29/2003. The Office Action of 5/29/2003 (paper no. 6) was a Notice of Non-Compliant Amendment which stated:

"A complete listing of all of the claims is not present in the amendment paper."

That Notice of Non-Compliant Amendment referred to an earlier response in the above-referenced application, mailed April 8, 2003. In order that a fully compliant response is made to the Office Action which was mailed April 8, 2003, Applicants' previous response to that Office Action is being repeated herein, with the exception that the amendment to the claims has been modified to more fully conform to the guidelines of the voluntary revised amendment practice.

Claims 20, 21, and 23 are pending in the application. The pending claims are subject to an election of species requirement, and applicants make that election herein. In this divisional application, claims 1-19, and claim 22 of the original application are previously cancelled
